

Upward of one half the capital stock (\$1,000,000) has already been taken, and books are now open at the office of the Company, in the National Park Bank building, for the reception of subscriptions for the remainder. The enterprise is in charge of H. H. Van Dyck, for several years Sub-Treasurer in this city, and other well-known merchants and capitalists.

BANKING AND FINANCIAL.

INVESTING MONEY.

The Northern Pacific Railroad Company, through its Financial Agents, offers for sale its First Mortgage 30-30 Gold Bonds. They fall due in 30 years, bear 7-10 per cent gold interest, payable semi-annually, are exempt from U. S. tax to the holder, and are secured by first and only mortgage on the Railroad, its Right of Way, Franchise, Rolling Stock, and other Property.

Its Trade or Net Earnings.

A Government grant of Land averaging on completion of the Road about 23,000 acres per mile of track.

The Road follows what is known as the Valley Route to the Pacific, flanked most of the way by an excellent country, and is assured in advance of a vast and profitable traffic which already awaits its completion. The work of construction is steadily and satisfactorily progressing; the settlement of the adjacent country and the building of towns keep pace with the advance of the road; a large body of the Company's lands is already in market, and the proceeds of sales will constitute a Sinking Fund for the redemption of the Company's Bonds, which are convertible at 110 into the Company's lands at market prices.

Believing that these bonds, both in point of safety and profitability, constitute such a security as judicious investors can approve, we recommend them to the public. Government bonds and all marketable securities are received in exchange at current quotations without cost to the investor.

JAY COOKE & Co.,

New-York, Philadelphia, and Washington.

ST. JOSEPH AND DENVER CITY RAILROAD COMPANY'S FIRST MORTGAGE BONDS.

are being absorbed by an increasing demand for them.

Besides being the obligation of a wealthy corporation, composed of men of experience and high-toned commercial integrity, they are secured by a first mortgage on the road, revenue, land grant, franchise, and equipments, combined in one mortgage, and are readily negotiable both in the markets of this country and Europe.

A liberal sinking fund provided in the mortgage deed must advance the price upon the closing of the loan. Principal and interest payable in gold, interest at eight (8) per cent per annum, payable semi-annually, free of tax. Principal in thirty years. Denominations, \$1,000, \$500, and \$100 Bonds or Registered.

Price 97 and accrued interest in currency, from August 15, 1872.

Mails, circulars, documents, and information furnished.

Trustees, Farmers' Loan and Trust Company of New-York.

The diminished quantity of these Bonds for sale, and the increased demand absorbing them, warrant the belief they will soon be sought for an advance considerably above the present subscription price at which they can now be had through the principal Banks and Bankers throughout the country, and from the undersigned, who unhesitatingly recommend them.
